

How to Build a Compost Pallet

1. Never use a plastic pallet
(1st choice Blue Pallet, 2nd Plain Pallet)
2. Place flattened wax boxes on top of pallet and between layers
3. Bottom layer of boxes should be similar size
4. Criss-cross boxes on each layer
5. Fill boxes completely for strength
6. Stretch wrap securely
7. Always place store # tag on each pallet.
8. Store Compost pallet in cool place.
